Dear Mr. Charboneau:

The Department of Ecology is extending the completion date of the review period for the referenced document. Ecology will transmit review comments to the United States Department of Energy (USDOE) by November 30, 2007.

We would like to work with USDOE during the review period to resolve issues identified during our review. We have shared informal review comments with USDOE. Our intent is to work collaboratively with USDOE to ensure timely approval of this work plan.

If there are any questions, contact me at 509-372-7921.

Sincerely,
